**CELEBRATING
INDEPENDENCE DAY WITH
SCHEMES TO BRING
STUDENTS AND NATURE
CLOSER TO EACH OTHER**

The earth, the air, the land and the water are not an inheritance from our forefathers but on loan from our children. So we have to handover to them at least as it was handed over to us." Mahatma Gandhi

Let us celebrate this Independence Day with a renewed commitment to conserve and preserve nature and let our children and youth to lead us to a cleaner nation and a greener future.

WORLD RAINFOREST DAY
22/6/2022

In order to highlight the importance of rainforests and raise awareness on the need of its conservation, World Rainforest Day is celebrated on June 22

CONSERVE THE GREEN AROUND US ATLEAST...

Bhoomitrasena Club.....

ACTIVITY OUTCOME

Commemoration of Environment related Days

World Environment Day: Could create awareness and action for the protection of the environment among the students. They themselves divided into groups and took the initiative to cultivate plants around their classroom.

World Ozone Day: It highlighted the importance of safeguarding the Earth's protective ozone layer and showed that collective action, guided by science, is the best way to solve major global challenges.

QR Coding of Plants in the Campus : QR Coded plants can be directly translated to use QR Code reader software on a mobile device equipped with a camera. Interested students could collect information online about a plant as much as possible.

Bhoomitra Fest : The students got first-hand experience of learning by doing and organizing an exhibition cum-sale. It was very enriching and pleasant experience to the Bhoomitra volunteers. They could generate good income out of the activity and nurture the young entrepreneur in them.
